

Muhamed Pašanbegović

Datum rođenja: 12.06.1968

Obrazovanje: BA in English (University of Toronto), MA in Linguistics (Birmingham City University)

Zanimanje: Curriculum and Test Development Specialist (English Language Institute – King Abdulaziz University)

Esselamu alejkum dragi članovi džemata,

Zovem se Muhamed Pašanbegović i živim u Mississaugi sa suprugom i troje djece. Nedavno sam nominovan za naš džamijski odbor.

Kao potencijalni član džamijskog odbora, mislim da bi naš kratkoročni cilj trebao da bude uvođenje dodatnih aktivnosti i programa koji će jačati ne samo naš vjerski, nego i nacionalni i kulturni identitet. Budući članovi odbora ne smiju zanemariti potrebe nijedne skupine našeg džemata, od onih najmlađih do onih najstarijih. Medjutim, naš primarni cilj treba da bude ponuda niza programa i aktivnosti koji će vratiti našu omladinu u naš centar. U ovu svrhu, potrebno je naći permanentan prostor za našu omladinu gdje bi se mogli redovno sastajati. Također se trebamo potruditi da uključimo našu omladinu u sport kroz ponudu raznih sportskih aktivnosti (karate klub, fudbalski i košarkaški klubovi, turniri, itd.).

Kao dugoročni cilj, mislim da moramo početi planirati izgradnju objekta sa na našem zemljištu koji će se isključivo koristiti za organizaciju raznih sportskih i kulturnih događaja.

Assalamu alaikum dear jamaat members,

My name is Muhamed Pasanbegovic and I live in Mississauga with my wife and three children. I was recently nominated for the jamaat board.

As a potential member of the jamaat board I think that our short-term goal should be to introduce additional activities and programs that will strengthen not only our religious identity, but also our national and cultural identities. The future members of the board must not neglect the needs of any of the groups belonging to our jamaat, from its youngest to its oldest members. However, our primary goal should be to offer a number of programs and events that will bring our youth back to our center. To this end, we need to find a permanent space for our youth where they can meet on a regular basis. We also need to make an effort to get our youth involved in sports (karate club, soccer and basketball teams and tournaments, etc.).

As a long-term goal, we have to start planning the construction of a building on the field adjacent to our mosque which will be exclusively used for organizing various sporting and cultural events.
